FROM THE CAVE...

June is always one of the busiest and most exciting times of the school year. Our students have been enjoying a variety of field trips and year-end activities that help bring learning to life and create lasting memories. At the same time, we are encouraging everyone to keep up the final push in their learning, attendance, and effort as we work toward a strong finish to the year. We are also looking forward to celebrating an important milestone with our graduation ceremony on June 20. This is a special time to recognize the accomplishments of our graduating students and to celebrate all they have contributed to our school community.

Thank you to our staff, families, and students for your continued support as we finish the year together.

Most of our students are already experienced educators. They are people changing careers to become teachers in the north, so great short-term rental tenants!

Grades 5/6/7

Everyone had a fun, informative field trip to CNC on Monday, June 1st. Students toured the campus, learned about the trades, and medical programs, university transfer programs, housing and some of the fun activities that student can be part of in post secondary. A big thank-you to the students for their great behaviour and excellent questions for our tour guides!
